Three hundred years ago, a bare hundred stalwart Pilgrims landed at Plymouth. Today 120,000,000 people in the United States constitute one of the greatest nations on the earth.

Fifty years ago, a humble beginning was made by a firm destined to be the most complete food store in this locality. Today its endless variety is surpassed only by metropolitan stores. Its service is unequalled—its prices second to none.

C. B. & Y. has a record to which it looks with pride.
